ABOUT ME

I'm an artist with large knowledge in the fields of **2D** and **3D**, with experience at **illustration**, **comics**, **graphic design** and **animation**. You can see some of my projects on my portfolio and on my website.

I was born in Madrid, Spain, in 1998, and I've been passionate about art and animation since my childhood. I was part of Orión Scout Group in Madrid since I was 13 years old, and through 11 years I've been a camper and later a monitor and in charge of designs and website, all voluntarily. Nowadays I continue with my artistic passion through personal projects, collaboratives or commissions.

Graduated as Bachelor in 3D Arts & VFX for Videogames on CEV and Teesside University in Madrid, Spain.

If you think I can be part of your project, don't hesitate and send me a message.
